

Dr Greengood

Flea and Tick Killer

Net Contents: 20 oz.

This product is nontoxic to all mammals and does not harm the environment

Active Ingredients:			
Soybean Oil	15.10 %	Sodium Sulfate	2.40 %
		Magnesium Silicate	2.39
Other Ingredients:			
Water	64.86	Potassium Sulfate	1.26
Calcium Silicate	4.31	Sodium Benzoate	3.90
		as preservative	
Aluminum Sodium Silicate	3.10		
Iron Oxide	2.68	Total	100.00 %

KEEP OUT OF REACH OF CHILDREN

FIRST AID TREATMENT: Avoid skin or eye contact. If eye contact occurs, rinse thoroughly with water for 15 minutes. If irritation persists, seek medical attention. Do not ingest. May cause gastrointestinal irritation with nausea and diarrhea.

Directions: Shake well before use. Shake often while using. Rotate nozzle to spray position. Beginning at your pet's hind quarters, gently roll your pet's fur forward exposing small amounts of the surface of its skin. While holding the nozzle back 10 to 12 inches away squeeze applicator handle to provide a mist spray to the exposed area. Repeat until your pet's entire body has been misted. When misting about your pet's head, gently cover its eyes with one hand while your spray with the other.
